## S/Y Hanse 588

### DESCRIPTION

Words can not put justice to this magnificent 17m production line sailing yacht. Judel Vrolijk once again designed **a yacht that is as pleasurable to sail in, as is to live in, and gaze at!**

She was ordered to build by a caring owner, wishing to offer his guests an uncompromising sailing vacation. Understanding that **comfort, beauty, functionality and performance**, must all co-exist in perfect equilibrium.

Medseation has been designed and equipped for the sailing enthusiast on a family or couples summer holiday. Maintaining good sailing speeds in any wind force and direction, those that love to sail will be pleasantly surprised by her performance. Meanwhile, those that are less excited by such thrills, will enjoy comfortable living, true relaxation and endless fun under the sun. Surely, all will be impressed by her absolute yachting style and her smooth glide. Indoors, she is welcoming, with her luminous, modern and spacious design. Salon and galley are well over full standing height, as are guest cabins, which feature en suite facilities and independent air-conditioning. On deck, her twin-table cockpit is designed for ease of access and space. The tables drop, instantly converting the cockpit to lounging area. Featuring a well designed hard top, the cockpit is fully sheltered from the sun and the elements at all times. With the tender tucked below decks in the dinghy garage, the rest of the deck is bloat free, allowing for full enjoyment, with sun cushions and beanie bags that can be used both at anchor, as well as underway. Her real heartbeat, however, is her crew. With ample experience in sailing and in yachting around the Greek isles, her highly professional skipper and hostess take true pleasure in the art of hosting and in showing their guests good times. Mostly interactive, though discreet when required, they will safely navigate Medseation and her passengers through the highlights and the secret spots of the vast Hellenic archipelago.
