

Athens Day trips by Greece Boat Booking

Greece 2023

A full day sailing in the Saronic

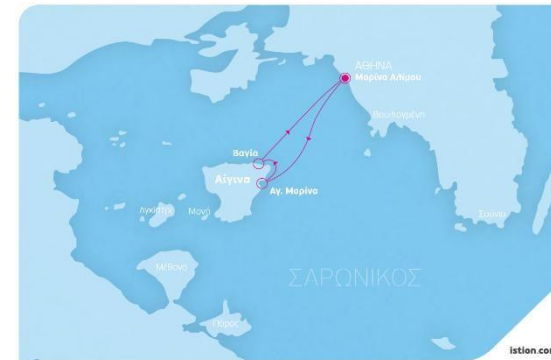

Explore on board a sailing Catamaran, the beautiful Aegina's coasts !

Don't miss spending a full day sailing trip that departs from Alimos Marina, Athens to visit the nearby island of Aegina. On this journey you will explore the island's beautiful beaches, friendly town, and the great historical site of Aphaia's temple! On our full day sailing Athenian cruise we will explore the Eastern coast of Aegina island and its surrounding beautiful secluded coves.

Our trip begins at 10:00am from Alimos Marina, Athens and our return is estimated by 19:00pm. You will experience the most out of your full 9-hour day on board with plenty of sailing, swimming and tasting local delicacies. We will sail on our spacious and comfortable catamaran with the company of our friendly and knowledgeable crew.

Lay back and take in the warm Greek sun while sipping your cold refreshments offered on board. A 2-hour sailing time will warm you up, and get you ready for swimming in one of our carefully-selected swimming spot for our swimming stop, where lunch will be served too.

At around 15:00 we leave Agia Marina behind, and sail around the northern coasts, to one of the clearest coves, off Vagia where another shorter swim stop will take place. Cool off and get ready for our return, back to Athens where we expect to be arriving after a fully memorable day at sea!
